ANTIOCH, ILLINOIS, THURSDAY, AUGUST 8, 1946

FIRST IN RESULTS TO ADVERTISERS

NUMBER 1

Veterans Will Lead Celebration of First Anniversary of War

Parade Wednesday Evening To Be Followed by Program at Park

Antioch will celebrate the first anniversary of the close of World War II next Wednesday with the American Legion and the Veterans of Foreign Wars taking a leading part.

Veterans of the two organizations will gather at the south limits of the village at routes 173 and 21, and with drum corps, and colors will march north on Main St., to the village park for a short program starting at 8 p.m.

A good speaker will be procured for the occasion and the program will include patriotic music.

The American Legion has appointed a committee composed of Everett R. Hatfield, Robert E. Taylor and John L. Horan to prepare the program.

A year ago at this time Germany had been conquered and the bombing of Japan had taken place. Then on August 14 Japan capitulated an Antioch like the rest of the country was wild with excitement.

Twelve months later, however, peace is not yet an accomplished fact so far as the Allies and Axis are concerned.

Legion Posts of Tenth District to Meet and Parade Here Tomorrow

Legionnaires of the 17 American Legion posts in Lake county will gather here tomorrow in a district meeting which will be the last one before the convention in Chicago, August 16.

Visiting delegates and alternates have been asked to drive their cars to the village limits at routes 173 and 21, and headed by the Antioch drum and bugle corps, post colors, district colors, and district officers, parade over Main St., and back to the Legion hall. The meeting will start at 8:30 p.m.

The meeting will be the last under the supervision of Joseph Nemanich who is finishing his term as commander.

Although much of the pre-convention business has been transacted, many of the district's problems remain unsolved and attention will be given to them. A program that provided a lot of interest before will be repeated by the Antioch post which is serving as host.

Andrew Hansen Suffers Heart Attack Friday

Andrew Hansen, of Victoria st., suffered a heart attack at his home at 5 p.m. Friday and was in a critical condition for several hours until revived by oxygen administered by the Antioch Rescue squad.

He has steadily improved, but will be taken to a hospital next week for examination.

As the result of the attack his lungs began to fill with fluid and he was sinking rapidly when the Rescue squad was called by his physician, Dr. D. N. Deering, at 4 a.m. Saturday. The effect of the oxygen was to clear the lungs.

The attack came as a surprise, as "Andy" was thought to have been in excellent health. He has been employed at Bluhm's since moving to Antioch about two years ago, after selling his business at Lake Villa.

Latest reports on his condition indicate that he will be up and around within a short time, but will be unable to resume his work for many months to come.

The Rev. Arthur D. McKay of St. Ignatius' church, Antioch, announced to the congregation last Sunday morning his resignation. He will leave the parish sometime during the last week of August. Father McKay has been priest-in-charge of St. Ignatius', Antioch and St. Andrew's, Grayslake, since April 15, 1943.

Bishop Wallace E. Conkling of the Chicago Diocese has announced that a new priest will arrive sometime during the early part of September, and will occupy the Rectory.

The final arrangements are to be made public later.

Felter's Picnic Planned For Weekend Aug. 17, 18

An invitation to the public to attend the annual picnic of Felter's association Saturday and Sunday, Aug. 17 and 18 has been extended.

The picnic will be at the park 1½ miles west of Antioch on Rte. 173 where signs directing the motorist will be placed. There will be games, races and refreshments for young and old with valuable prizes.

The picnic is staged to raise money for use in road maintenance, garbage disposal facilities and upkeep of the parks of the district.

Grass Fires Keep Local Fire Department Busy; Tractor, Loader Burn

With grass fires making up the demand for most of the calls, the Antioch fire department has been called seven times this week, according to Clarence Shultz, secretary.

A unique blaze occurred Saturday at the Morley farm on the Loon Lake road where workmen on a hay wagon were startled to see burning hay coming up the loader. How the fire started is not known. The loader was destroyed as was some of the grain in the field.

Damage estimated at \$400 was caused when a tractor, the property of Alec Hughes caught fire Tuesday morning at the Austin Savage farm. The fire was thought to have been caused by defective electrical equipment on the tractor.

Grass which caught fire from burning peat at the D. H. Minto subdivision east of Loon Lake Tuesday again blazed yesterday, necessitating a second call.

Other grass fires were extinguished at the Willett subdivision at Lake Marie Sunday, at the Henry Grimm place on Rte. 173 Monday, and the Crandall subdivision at Lake Catherine at noon yesterday.

Firemen warn that because of the drought that grass is very dry and will easily ignite, the flames spreading to property of value. For that reason they suggest that persons be careful in disposing of lighted cigarettes and matches, and in burning trash.

Curtis Wells Family Is State Fair Entry as Typical Farmers

Antioch will be represented at the Illinois State fair Typical Farm Family contest tomorrow by the Curtis Wells family residing three miles east of the village.

Winners in the county contest, the family comprising four sons and four daughters, four of whom are married, will compete with 17 other families for the state prize which is Ford automobile.

For their winning in the county the Wells family will receive a Sears Farm freezer valued at \$225 and \$50 expense money to the fair.

They will leave by automobile at 5 a.m. and although the children will return at night, Mr. and Mrs. Wells will remain until Sunday when they can find hotel room. O. L. Hollenbeck of Millburn will manage the farm while they are gone and he will have the assistance of their neighbors.

The community is congratulating the Wellses on their victory which was won through the activity of their friends in obtaining more than 109,000 votes, a 10,000 majority over the William Wirtz family of Volo, their nearest rivals.

Ahern, Police Captain, Gives Boat Club Unpublished Sidelights on Killer Hierens

Revealing hitherto unpublished sidelights of the life of William Hierens, confessed slayer of the Degnan baby and other victims. Capt. Michael J. Ahern, of 2225 Lunt Ave., Rogers Park, spoke before 100 members and guests of the Chain O' Lakes Boat club at the Hotel Helvetia, Fox Lake, Saturday evening.

Ahern, for 26 years head of the detective bureau of the Rogers Park police station, directed the investigation of Hierens since the time the prisoner was first brought into the station June 26.

Introduced to the audience by Commodore Eddie Zender, an acquaintance who procured him as speaker, Ahern painted a picture of Hierens showing him to have criminal tendencies since childhood and having a nature so vicious that he would stop at nothing as his murders showed.

"Hierens is a very strange boy," said Ahern. "At the age of 10 he had

Lions Will Support Rescue Squad in Campaign for Fund

Committee is Appointed To Make Plans—Will Share Carnival Profits

Support of the Antioch Rescue squad through the raising of a special fund has been decided upon by the Lions club with the appointment of a committee which will meet late this week to plan the campaign.

Directors of the club meeting Monday night chose as the committee C. K. Anderson, James McMillen, Edmund Vos, Dr. D. N. Deering, Harry Krueger, and F. J. (Bud) Arnold.

The Rescue squad will administer the fund under the supervision of the Lions club Rescue squad committee. The Lions committee will be perpetual with two members of the six-man committee to be elected or appointed each year. Terms of present members will expire in 1948, 1949 and 1950, with Anderson and Arnold to be replaced in 1948, Vos and McMillen to serve until 1949 and Krueger and Deering to serve until 1950.

The committee plans for the fund include annual publication of the names of all donors, with the amounts donated, as well as a complete account of all receipts and expenditures.

The club will apportion a part of the profits of its carnival and homecoming Aug. 29 to Sept. 1, and the Rescue squad will have a booth to aid in raising money for the fund.

It was indicated that much of the fund will be raised through subscriptions. These will be sought throughout the area serviced by the Rescue squad. The goal has not been set, but it probably will be a substantial amount in view of the depleted treasury of the squad and its vital needs of the near future.

Donations to the fund may be made by sending checks to the Antioch Lions Club Rescue Squad Fund, or may be turned in to Cashier E. J. Sletten of the First National bank, who will act as treasurer for the fund committee.

The Antioch Acorns held their local achievement meeting Friday at the Antioch Grade school. Garments made by the group were modeled. The 4-H pledge was given. Musical numbers were presented by Verna Kufalk, Shirley Nelson, Betty Jean McDougall and Sue Garland. A playlet entitled "Youth Adds a Dash of Pepper," was given by the girls.

John M. Littler Made Libertyville Manager of Bell Telephone Co.

The appointment of John M. Littler as manager of the Libertyville area of the Illinois Bell Telephone Co. to succeed Edward L. Simpson was announced today by Ralph P. Haddick, district commercial manager.

Simpson has been promoted to the position of district service manager by Homer B. Gaston, father of the present Editor, Howard K. Gaston. The latter took over the reins three years ago following his father's death. The 21 years under the ownership of the Gaston family (which constitutes a becoming of age so far as years are concerned) has seen a growth commensurate with the community itself.

In recent months, Littler has been quite active in public relations work, giving demonstrations, talks and motion picture showings before civic, schools and other groups throughout the Suburban Area surrounding Chicago.

Littler has been a resident of Libertyville for the past 4 years, his home being at 433 Brainerd.

Simpson came to Libertyville following the death of A. R. Andrews in 1944. He first entered the employ of the Telephone Co., in 1937 shortly after his graduation from the University of Notre Dame. During his stay here Simpson was quite active in civic affairs, being president of the Libertyville Chamber of Commerce, Zone chairman of Lions International, member of the Lake County Farm Bureau and a director of the Central Lake County Credit Bureau.

All-Star Softball Game Set for Sunday

An all-star game, with the best talent from the softball league will take place Sunday afternoon on the Round Lake diamond. The teams will be made up of the top players from the league with the western half of the territory opposed to the eastern.

On last Thursday evening the locals took a game from Round Lake by a 10-2 score, and scored a 6-0 win over the league leading Long Lake team on Tuesday evening. A one hit pitching chore hurled by Rockow was the deciding factor in the game.

The Legion League team will play a return engagement with Long Lake this evening on the Round Lake diamond.

Match Team Beats Gurnee

The Legion match team administered a drubbing to an aggregation hailing from Gurnee on Wednesday evening on the local diamond. Ed Dunford was on the mound for the home team and the final score was 8-1.

Antioch 4-H Club Has Three Champions at Lake County Exhibit

The Antioch 4-H club won a good share of the honors at the county 4-H show at Gurnee yesterday.

The show was held at the Viking home and at the Gurnee High school, and was considered the best in many years. Despite the drought, the garden exhibits were good and the home decoration exhibition which is somewhat new, was considered good.

Logan Lundgren won the grand championship for bull among all breeds and was third in the showmanship class.

Betty Jean McDougall of the Antioch club was selected as one of the two girls to go to the state contest in her project comprising a wool skirt and blouse.

Robert Hughes, president of the Antioch club has the grand champion Holstein cow.

In the sheep exhibit Harlan French

got a first award on his aged Shropshire ewe while in the Dorset class

the winners were Carlyle Harris,

first on pure bred ewe lamb, and sec-

ond on aged ewe and individual mar-

ket lamb; Warren Wells, second on

pen of three market lambs. Richard

Weiss got B on his garden project

and second on his garden project

and third on his garden project.

The Antioch club got B on its clothing booth and B on its food booth.

Other winnings had not yet been reported.

Village Is Free of Debt with Retirement of Last Bond; Water Main Extension Planned

Antioch News Enters Sixty-First Year of Publication Today

With this issue the Antioch News enters its sixty-first year of publication.

Started in 1886 by John Burke it has been in continuous publication since.

In 1925 The News was purchased by Homer B. Gaston, father of the present Editor, Howard K. Gaston. The latter took over the reins three years ago following his father's death. The 21 years under the ownership of the Gaston family (which constitutes a becoming of age so far as years are concerned) has seen a growth commensurate with the community itself.

With a new year it is probable that some subscribers will be able to take advantage of the standing offer of the editor to give the paper free to all having been subscribers for 60 years or more.

Charles E. Cobb, of Lake Marie, is the only person at present giving, but the gained the benefit two years ago by reason of having paid for his first subscription a year before the paper was started.

Health Department Advises Parents to Keep Children Home

A warning to parents to keep children under 16 years of age away from large gatherings to avoid infantile paralysis was issued today by Mayor George Bartlett and Health Officer R. D. Williams.

At the same time the health department asked that knowledge of careless disposal of sewage or faulty drainage in the lake area be reported to the state health authorities.

The announcement said:

"This is the poliomyelitis season and some cases have been reported in the lake regions. The village health department advises that children under 16 should not attend large gatherings such as picnics, Sunday schools or movie theaters, or swim in possibly polluted lakes.

"Parents are requested to watch for possible signs of illness, guard against over activity and insist on children playing in small groups."

"Any knowledge of careless disposal of sewage or faulty drainage in the lake area should be reported to the state health authorities."

(Signed) George Bartlett, Mayor R. D. Williams, health officer.

With no new cases reported recently it is believed that poliomyelitis, or infantile paralysis, in the Antioch area has passed its peak and is on the decline.

Dr. A. N. Burke said that of his nine cases, five are now at home and four of them are still in the hospital. All are responding to treatment.

A warning was given that precautionary measures still should be taken as long as warm weather exists because the disease flourishes during such time. Children still should be kept from crowds.

Richard Whitaire, principal of the grade school, said that school will open September 4 unless conditions get worse or the state authorities rule otherwise.

Children whose 5th birthday is before December 1, 1946 may enter Kindergarten. All children entering first grade who have not previously been enrolled in the Antioch Grade School must furnish a Birth Certificate.

Hospital Claims Three From Here During the Week

Three Antioch residents were hospitalized during the week with serious illnesses.

Louis Bauer, owner of the Snow-white Ice Cream store, was taken to St. Therese hospital, Waukegan, on Tuesday for observation of an intestinal ailment. Latest reports on his condition show that he is much improved.

Mrs. Lester Heath was taken to St. Therese hospital on Wednesday following a heart attack which occurred Monday. Mrs. Heath will remain in the hospital for several weeks for observation.

Roger Williams was hospitalized on Tuesday, July 30, where he was treated for virus pneumonia and a blood condition. Roger is much improved this week.

Mr. and Mrs. John Dupre spent Tuesday in Evanston the guests of Mr. and Mrs. Arthur Fink.

Free Press?

In those nations where free enterprise has been either destroyed, crippled, or subjected to iron-handed political control, a free press has become a thing of the past. The press in such nations is simply a sounding board for dictatorship—the ruthless voice of the clique in power.

It is not a coincidence that this is so. When a man or a group of men reach out to seize the economic resources of a nation, the first step must be to control that nation's sources of opinion and information. There can be no opposition. There can be no dissent. The death of free enterprise is inevitable accompanied by the death of a free press.

Do You Want This Industry?

The political campaign to socialize the private power industry continues.

If that drive is successful, it will mean the destruction of an industry which supplied more than eighty per cent of all the power used in this country during the war—an industry which paid \$3,571,000,000 in taxes during the years 1940-45—and an industry which has steadily reduced its charges to the public in spite of ever-increasing costs of labor and materials. Must we follow England and Russia in socializing industries?

* * *

Legitimate Distributors Handicapped

While Congress discusses the future of OPA, black markets spread. If they continue to spread, the legitimate retail distribution industry cannot be expected to operate successfully. The threat is serious enough to have a bearing on renewing the Emergency Price Control Act. No law should be allowed to work against retail distribution.

The New York Times cites an instance of the black

market problem—beef. Says the Times: "With about 75% of the nation's beef at retail levels having passed to the control of black marketers, the time is at hand when definite steps should be taken to restore that essential product to legitimate channels of trade if one of the world's finest food distributing systems is not to be damaged irreparably."

If it is to be a choice between saving the OPA and saving the distributing system, there is no alternative. The country can live without the OPA; it cannot live without orderly distribution.

* * *

The Low Down From Hickory Grove

I reckon there is plenty this country needs to get it out of the dilemma that everybody agrees we been drifting into for years, but you can't fix everything at once and quick, any more than you can get up and go to work the day after the doctor finished fishing out your appendix. So, as a starter, in the hopes of beating our way back, and again feeling terra firma beneath, I am proposin' we go back to gold—the coin of our ancestors. There is a safe and grand feeling to gold. There is nothing to arouse your suspicions about a 5 buck gold piece. It is good the world over—in India, in North Africa. Some printing on a piece of paper—including even Uncle Sam's picture—is a second choice money, a kind of synthetic makeshift, you might say.

Confidence amongst our own folks would be revived if they had some real "jingling money" in their jeans' pockets.

With gold back in the saddle as money, Congress might attach a little importance to same versus spending it like river water.

Yours with the low down,
Jo Serra

* * *

What is Your Goal?

Policies definitely destructive to free enterprise are destructive to our liberties. Size has nothing to do with this question. The man who runs his own shoe-shine stand is a capitalist, no less than the man who runs an automobile factory. Great industries which serve America today developed from small beginnings. The young man with an idea, working in the back room of his home, may be the head of a great corporation tomorrow.

Essential for Blood
Iron is essential for the formation of hemoglobin.

Potato Pancakes

Potatoes fit into any meal—breakfast, dinner or supper. For breakfast, a favorite potato dish is potato pancakes. To make enough pancakes for a family of five or six, grate two cups of raw potatoes and put immediately into one-quarter cup of milk. Add one egg, beaten slightly, two tablespoons flour, one teaspoon salt, and if desired, one tablespoon finely chopped onion. Drop from a tablespoon onto a greased pan. Cook until well browned and crisp on both sides. Serve hot.

Stringy Ties

Ties that the men in the family have an aversion to, or that are too stringy for renovation, sometimes make attractive trimmings for other garments. They may be used to liven up a dressmaker suit with tie-covered buttons, or by adding some stiffening they may make a colorful belt. Often the small designs of some tie fabrics are ideally suited for collars or cuffs, a pocket or piping on children's clothes. A large tie will even make a dickey if it is carefully ripped and pressed.

Good Combing
Give your hair a thorough brushing by getting the brush under it and lifting it. A clean brush does a clean job, so always wash it after using. Do this by holding it directly under the warm water faucet, then create a strong spray against the brush by pressing a finger to part of the mouth of the faucet. If possible, dry brush in sunlight.

Potatoes Not Fattening
Potatoes are no more "fattening" than bread. One medium-sized potato and one thick slice of bread (or two thin slices) both have about 100 calories. It is the gravy, butter or other fat used on potatoes that pile up calories—and put on pounds.

Love-Apple
Tomato is the West Indian name for love-apple.

Freshen Ties

Ties that are not too soiled may be freshened by sponging with cleaning fluid or with a cloth dampened in water. If ties are worn where they are knotted at the neck, and are long enough, they may be shortened by taking a half inch piece out of the seam at the center back. This will bring the worn place under the collar.

HICKORY

Visitors at the Curtis Wells home last Tuesday evening, July 30 were Mr. Wilkening and son, from Grayslake; Mr. and Mrs. O. L. Hollenbeck, of Millburn, Mrs. Pat Murphy, of Waukegan, and Harmon Hollenbeck and two sons from Minneapolis.

Friends of the Wells family are all glad that they won the Typical Farm Family Contest. Their telephone was ringing the rest of the week with messages of congratulations. The family is leaving this week for Springfield and will enter the State Contest at the Illinois State Fair.

Mr. and Mrs. Leo Carney and daughter, Miss Dorothy, with Mr. and Mrs. Cole, of Kenosha, left Saturday morning on a two weeks' vacation trip to Colorado.

Philip Gould, of Rockford, was an overnight guest at the William D. Thompson home last Thursday.

Mr. and Mrs. Rod Ames and baby Mr. and Mrs. Andy Magiera and son and Mr. and Mrs. Emil Hallwas and two sons, spent Sunday at the Curtis Wells home.

Miss Eloise Bishop, only daughter of Mr. and Mrs. Ray Bishop, of Kenosha, left Milwaukee Sunday evening for Seattle, Washington and is enroute to Japan. She has accepted a position as a government librarian and will be employed somewhere in Japan.

Spencer Wells and sons, of Burlington, Wis., spent Sunday at the Gordon Wells home. Oliver Wells is visiting his cousins this week.

Mrs. Anna Nielsen, her daughters, Agnes and Rita, visited the Earle Crawford home Friday evening.

Mr. and Mrs. Pat Murphy, of Waukegan, visited the Curtis Wells family Wednesday evening.

Mr. and Mrs. M. R. Kehoe, of Waukegan, called at the Fred Leable home Sunday afternoon.

Perspiring Feet
If you are bothered with excessive perspiration on your feet, soak them in warm soapy water every night, dry well and dust with foot powder.

Offset Oversalting
When a dish becomes too heavily salted by mistake, the addition of small amounts of sugar may be helpful in counteracting the flavor.

Remove Stains
A paste made of baking soda and water will often remove stains from porcelain enamel kitchen utensils.

RABIES INCREASING IN U.S.; CONTROL NEEDED

Although many do not realize it, one of the most dreaded diseases

Robbie Losses in 1944.

Known to man—rabies—is steadily on the increase in this country. The la-

Salad Servings
Plain vegetable or fruit salad for four becomes generous servings for seven or eight when added to a package of gelatin dissolved in two cups of boiling water.

Suitable Cream
Cleanliness, proper cooling and frequent delivery are the three top points to remember in producing cream suitable for quality butter.

Good Tith
The growing of clover and the return of plenty of organic matter to the soil by plowing down clover, manure and crop residues is necessary in order to maintain good tith.

Brook Trout a Charr
The brook trout is not a trout. It is a charr. So is the Dolly Varden.

Primrose a Herb
A primrose is not a rose. It is a member of the herb family.

ter available figures show that in 1944 for the first time, cases of rabies in animals and man passed the 10,000 mark. In some localities wild foxes and other animals have contracted the disease, and have roamed the countryside spreading it. Horses, cows, pigs, and other livestock have become victims of rabies, along with human beings.

The average person may well ask—"What can we do about it?" Perhaps the best answer is provided in a recent report of the U. S. Livestock Sanitary association which emphasizes the alarming increase of rabies in certain areas. The report cites the fact that effective control in aggressive programs has centered on large scale vaccination of dogs. The reasons for recommending this control program include these facts:

Dogs are still the chief spreaders of rabies. In communities where all dogs have been vaccinated, rabies has been virtually wiped out. The quality of rabies vaccine has been so improved in recent years that it is extremely dependable, thus removing the objection formerly voiced by persons who were opposed to anti-rabies vaccination. With such a vaccination program, authorities recommend that all stray dogs be impounded, and that dogs being shipped from one area to another be required to have a rabies-immune certificate.

The saving of the life of a single child, it is pointed out, would be worth all these precautions.

Most Bicycles
Germany had more bicycles than any other country, according to registration figures for 1943. Statistics showed 17 million bicycles in Germany, 12 million in the United States and 10 million in the British Isles.

Cleaning Vases
A deep vase or jar can be easily cleaned inside by adding bits of wrapping paper to warm soapy water and shaking it well. Ammonia in the rinse water makes the glass more brilliant.

Drownings Rise
Beginning in May, an average of 1,000 persons will lose their lives each month through drownings in the United States, reports the National Safety Council. This monthly average continues through August.

Meat Binder
Use cooked or dry oatmeal as a binder in meat loaf, in place of bread crumbs.

Improve Hay
In farm practice, phosphorus fertilizers may be expected to cause an appreciable increase in the protein content of the hay grown, if they are applied on soils markedly deficient in this element.

Food Saving
A new method of preserving food is suggested by German experiments involving the application of plastic coatings to bread and cheese.

Barberries Spread
Barberry bushes found strewn over several square miles have been traced to a single mother-bush.

Mrs. Rose Masopust, assisted by Mrs. Freda Wertz, will be hostesses to the members of the Royal Neighbors officers club at a card party at the Masopust home at Lake Marie, Tuesday evening, August 13.

O. E. S. DESSERT LUNCHEON CARD PARTY AND BAZAAR

The officers club of Antioch Eastern Star, will sponsor a dessert luncheon, bazaar and card party in the Masonic hall dining room Thursday, August 29, at 1 o'clock. Prizes will be awarded.

GUILD MEETING IS PLANNED FOR AUG. 14

Mrs. James Stearns will be hostess to the Ladies Guild, at a meeting to be held at her home Wednesday, August 14, at 2 o'clock p.m.

KAY ANDERSON CELEBRATES BIRTHDAY

Kay Anderson, eight year old daughter of Mr. and Mrs. Burt Anderson, celebrated her birthday anniversary with a party for fifteen of her little friends at her home Sunday. Among her gifts was a large birthday cake.

Mrs. E. J. Brixen celebrated her birthday anniversary at her home on Spafford Street, Wednesday evening. Those present were Mr. and Mrs. Clarence Flagg, of Libertyville, Mr. and Mrs. Earl Brixen, Mr. and Mrs. August Geibel and children, Mrs. Dorothy Beelov and children, and Jack McGreal. Mrs. Brixen received a beautiful wrist watch from her husband and children.

Mrs. Mollie Somerville and Mr. and Mrs. Earl Somerville returned home recently from a three weeks vacation trip through the Black Hills and Yellow Stone Park. They also visited Mrs. Clara Witsworth at Alzona, Iowa and Rev. and Mrs. Rex Simms, of Buffalo, Wyoming. The Simms are former residents of Antioch. Rev. Simms is a former rector of St. Ignatius church of Antioch.

The Rev. Ralph Spinner, rector of St. Ambrose Episcopal church, Chicago Heights, celebrated the thirteenth anniversary of his ordination to the Priesthood Tuesday. The Anniversary Mass was celebrated at St. Ignatius' church. Father Spinner and his family are spending the month of August at Channel Lake.

William Meyer, son of Mr. and Mrs. William Meyer Sr., received his discharge from the U. S. Army, Saturday, Aug. 3, after serving for the past fourteen months, some of that time overseas.

Guests at the V. J. Keeney home this week were Mr. and Mrs. Ernest Stark and son, Milton Dale, of Taft, California; and Mr. and Mrs. Wesley Fraser and daughter, Barbara, of Honey Creek, Wisconsin.

Mr. and Mrs. Walter Solomon and son, Ralph, are spending a three weeks vacation in Canada.

Miss Eunice Schmatte, of Kansas City, Missouri, left Wednesday, after spending two weeks visiting the Gaston families.

Mr. and Mrs. John Oftedahl, proprietors of the Frostee Sno Company, left Antioch Saturday for a three weeks vacation trip to the West coast.

Misses Margaret Churchill and Mary Neenan, of Evanston, were weekend guests of Mr. and Mrs. John Dupre.

The regular business meeting of the Methodist Wesley circles was held at the home of Mrs. D. N. Deering, Wednesday afternoon.

Mr. and Mrs. Raymond Buttron, of Harvey, Illinois, spent the past week with Mr. and Mrs. Henry Mau, at their home.

V. J. Keeney attended a R. R. business meeting held at Fond du Lac, Wisconsin Sunday.

Mrs. John Dupre, Sr., of Evanston, is spending a few weeks with her son John and family.

Renew Straw Hat

If last year's straw hat comes out of its box looking slightly dingy or dated, a sponge bath may be all it needs to look new again. White or light-colored straws, especially those closely woven like panama, wash successfully in lukewarm suds of mild soap. Stuff the crown with tissue paper to hold its shape, then lay the hat on a towel on a table so that the brim lies flat. Go over the hat with a soft brush dipped in suds, then with clear lukewarm water, and finally with a dry soft cloth.

The Christian Endeavor of the Millburn Congregational Church will present a minstrel show "Anything Can Happen" in the church recreation room Saturday, August 10th, at 8:30 P. M.

The entertainment will consist of vocal solos, choral numbers and action from all the cast. Popcorn will be sold during the intermission.

NOTICE
On account of the increasing number of cases of Polio in the district around Antioch, and after consultation with medical authority, it has been decided to close the Primary-Beginner, and the Junior-Intermediate departments of the Antioch Methodist Sunday School for the month of August. This includes those of the eighth grade and all below. The Adult department and the morning worship service will continue to meet at the usual time.

Warren C. Henslee, Minister

George Van der Stadt, of New York City, N. Y. is spending his vacation in Antioch, the guest of Dean Williams. Richard Wilson, of Chicago, was a guest at the Williams home one day this week.

Library News

(By Lee Meinersmann)

The Library announces the reception of the book "Peace of Mind," by Joshua Loth Liebman, presented by Mr. and Mrs. Harry J. Krueger in memory of Mrs. Bessie Trierer.

This book has great spiritual healing. Its preface states "this book attempts to distill the helpful insights about human nature that psychology has discovered and the encouraging news from the scientific clinic about man's infinite capacity to change and improve himself, as well as to correlate these latest scientific discoveries with the truest religious insights and goals of our ages."

The entire book is outstanding, but special comfort may be found in the chapters "Fear wears many masks" and "Grief's slow wisdom."

Other books of interest which have been received at the library include "The American," by Howard Fast; "Top Secret," by Ralph Ingols; "The Good Fight," by Manuel Quezon; and "How to pick a Mate," by Dr. Clifford R. Adams.

Calvin Hardin, Barney Cosgrove, Mr. and Mrs. R. E. Gaston, Mr. and Mrs. H. Gaston and Mr. and Mrs. H. E. Shepard and sons Eugene and Walter, spent Sunday in Chicago.

Mr. and Mrs. H. E. Shepard and children, Mary and Walter Hanaford, left this morning (Thurs.) for their home in Kansas City, Missouri, after spending the past month in Antioch, with Mrs. Shepard's mother, Mrs. Homer B. Gaston and other relatives.

Mr. and Mrs. Marvin Heath celebrated their fifth wedding anniversary Saturday, Aug. 3, at the home of Marvin's parents, Mr. and Mrs. Lester Heath. A dinner was served to a number of relatives and friends.

Mr. Charles Nettles returned to Antioch recently after spending the past several months in St. Louis, Mo.

WANTED—500 Quarts of Apples
Each year the Methodist church of Antioch gathers together fresh and canned fruit and vegetables and other food for our orphanage at Lake Bluff, Illinois. This is canning season. As you put in store for yourself please plan liberally for those who must depend on others for the necessities of life. The apple crop is especially large this season, and many will go to waste. Why not preserve them for the orphanage? They may be canned without sugar. 500 quarts will not be too many to supply nearly 200 individuals for the winter. Empty cans may be had for the asking.

Warren C. Henslee, Minister

Fact and Scripture

We make vows and guarantees in order to make our word sure.

But you will find no surer word in all the universe as the Word of God.

"For all flesh is as grass, and all the glory of man as the flower of grass. The grass withereth, and flower thereof falleth away;

But the Word of the Lord endureth forever."

I Pet. 1:24,25.
Emanuel Thiele

Horse Show Attracts Sixty-One Entries At Kenosha Co. Fair

More than sixty horses will be on display when the annual horse show which is a part of the Kenosha County Fair, Wilmot, Wisconsin, opens Friday evening. The horsemen will compete in twenty classes for a considerable sum of prize money.

The horse show will be a feature of the fair entertainment program and will open at eight o'clock each evening of the fair, Friday, Saturday and Sunday.

Other entertainment will include acts, with headliners of stage and radio to be presented each afternoon and evening, a parade and hundreds of exhibits.

Fair officials said today that a record-breaking attendance was expected, both because of the lifting of wartime restrictions and because of the varied entertainment to be offered.

Express Train

The term "express train" originally had no connection with how fast the train traveled. "Express train" first meant a train running for some special purpose or engaged by a private person.

WILMOT

John Lyons, Andrew, Ind., is a guest for several weeks of Frank Voss. Both served on the same boat in the Pacific area.

Mr. and Mrs. Herbert Sarbacker, Mr. and Mrs. Arthur Panknin were in Racine Sunday for the Legion Parade. Herbert Sarbacker and Arthur Panknin were delegates to the State Legion convention held in Racine, last week.

Anna May Shotliff, Kenosha, and Mr. and Mrs. Clayton Lester were guests Sunday of Mr. and Mrs. R. C. Shotliff.

Mr. and Mrs. Herman Frank and children called on John Frank and Mrs. Louise Sandberg at Fox River on Thursday.

Rev. Karl J. Otto, of Charles City, Iowa, was a guest Monday and Tuesday at the home of his brother and wife, Rev. and Mrs. Rudolf Otto.

Mr. and Mrs. Elmer Rasch and children and Mrs. L. E. Sweet, of Richmond, were dinner guests Sunday of Mr. and Mrs. Ervin Rasch.

Rev. and Mrs. Rudolf Otto and children attended the christening of the twin sons of Dr. and Mrs. T. M. Otto at Wauwatosa on Sunday.

Beverly Frank returned from a visit of several days with Mrs. Bertha Harms Sunday when Mrs. Harms and John Grabow were dinner guests of Mr. and Mrs. Herman Frank. In the afternoon they called on Mr. and Mrs. Fritz Oetting.

Sunday, Howard Henke, student of Theology at Thienville, will conduct the ten o'clock worship at Peace Lutheran church.

Mr. and Mrs. Percy Mizzen and children, Truesdell, Mr. and Mrs. William Bennet, from Sturtevant, were guests Sunday of Mr. and Mrs. W. A. Schenning.

Mr. and Mrs. Roy Lewis, North Chicago, were weekend guests of Mr. and Mrs. Henry Easton.

Mr. and Mrs. George Higgins called at the Kenosha hospital to visit his brother, Albert Higgins, who was a patient there on Tuesday.

Mrs. Roy Murdock, Bristol, Mr. and Mrs. Thomas Pearman and children, Mrs. Norman Becker and Miss Edith Murdock, Bristol, called on Mr. and Mrs. Henry Vincent Friday evening.

Mr. and Mrs. Paul Voss attended an Elfers family reunion at the home of Mr. and Mrs. David Elfers in Salem on Sunday.

Lt. Keith Hegeman, who is stationed at Rantoul, is spending the week in Texas.

August 15 the Ladies of the M. E. church are serving a plate supper at the church dining hall. The regular meeting of the society will be postponed for a week.

Mrs. Aileen Roman, Mrs. Emma Klare, Mr. and Mrs. Joseph Barton, Mr. and Mrs. William Tempest and children, Harrison and Sylvia, Mrs. R. Noyes, from Wilmette, Mr. and Mrs. Albert Carlson, Chicago, Mr. and Mrs. Orville Sayles, Park Ridge, and Donald Beales, from Toledo, Ohio, with Mr. and Mrs. Frank Kruckman picnicked at Fox Park Sunday. In the evening they were guests at the Kruckman home.

Mr. and Mrs. Joseph Rausch announce the birth of a daughter, Beverly, at the Burlington hospital on Monday, July 29.

Jack Elbert is a patient at the Kenosha hospital since Thursday.

Fred Moyle, Florida, is a guest at the home of Mr. and Mrs. Paul Ganzlin, having joined his father, Ernest Moyle, on Thursday, who has been there for several weeks.

Thirty members of the Pacey family held a picnic at Echo Park, Burlington, on Sunday. Edward Pacey, of Omaha, Nebr., came for the picnic and is now visiting at the home of Mr. and Mrs. Cyril Pacey.

Mr. and Mrs. Don Herrick and Milton, Mrs. Vivien Rasmussen and daughter, Barbara, were guests of Mr. and Mrs. Harry McDougall Sunday.

Mr. and Mrs. McDougall were dinner guests of Mrs. Joseph Leach, at Brighton Sunday evening.

Andrew Beath, Milwaukee, spent Sunday with Mrs. John Beath at the home of Mr. and Mrs. Paul Ganzlin. Mr. and Mrs. Edward Boulden, of Edison Park, were there during the week.

The Wilmot Mothers club will not hold an August card party for the members are all to work at their stand at the Keweenaw County fair.

Mr. and Mrs. Harvey Watts and son, Glen, were dinner guests Saturday evening of Mr. and Mrs. George Higgins. They spent the weekend with the former's mother, Mrs. Bertha Watts at Randall.

Mrs. Floyd Geige and Mrs. Elizabeth Otto were both operated at the Burlington hospital on Monday.

Mrs. Ella Hoffman and Mrs. George Higgins attended a Congregational Ladies Aid picnic at Genoa City Wednesday. Sunday evening the Higgins' attended a surprise birthday party for Mrs. Lee Benedict at Bristol.

The Kenosha County Fair will be held at Wilmot, Wis., on Friday, Saturday and Sunday, Aug. 9, 10 and 11. Rumors that the fair would not be held because of a case of polio are not correct, unless closed by the state board of health.

The fair will open Friday with a grand parade through the village headed by the Fred Semrau Post No. 36 colors and members. A 40 piece band from the Great Lakes Naval Training station is coming to participate in the parade, only. The parade will form at 10:00 a. m. and will consist of school floats, 4-H club floats,

Civic, Social and Business organizations, Decorated floats and a horse division.

On the grounds there will be 4-H club exhibits, educational, sewing and fancy work, photography, cattle, horses, swine, sheep, farm crops, a flower show, commercial and culinary.

Every day at 2:30 and 8:15 free acts have been obtained to entertain those in attendance. Friday there will be WLS artists, Saturday and Sunday Gautier's steeple chase, K. Spencer, a ventriloquist and Novel and Fay, comedians. A ferris wheel, merry-go-round and other concessions every day, with air plane rides on Saturday and Sunday have been provided.

Every evening at 8:00 o'clock a horse show with some of the finest horses in the country will be shown.

The Wilmot Mothers club has the food concessions for a stand on the grounds and the Holy Name church the dining hall concession in the school building. The latter serve two meals daily.

Mr. and Mrs. John Skidmore and family, Wonder Lake, were dinner guests of Mrs. Flavia Elhert Sunday.

Rice Producers
The countries of southeastern Asia normally grow 97 per cent of the world's rice, with Burma, Siam and French Indo-China producing surpluses needed by China and India.

Warm Month
Weather records show that March, 1944, was the warmest since 1910 in the north-central states and the Ohio valley, and ranks as the second or third warmest March since 1870.

Storing Cheese
To keep cheese from drying out and becoming moldy, wrap it in several thicknesses of cheesecloth, which has been dipped in weak vinegar and then cover tightly.

Citrus Vitamin
Because pulp, as well as juice, contains vitamin C, there is vitamin thrift in serving fruit juice undiluted, and even higher vitamin economy in eating citrus fruit simply halved, sliced or sectioned.

Population Doubles
Cuba's population has more than doubled since 1907 and is now estimated at nearly five million persons.

Ghosts Abandon Gloomy Mansions Of Old England

New Crop of Spooks Devote Their Attention to Ordinary Homes.

LONDON.—The gloomy mansions of "Old England" are fighting a losing battle against a bumper crop of Johnny-come-lately ghosts who are haunting very ordinary homes the length and breadth of Britain, according to the United Press.

Some of these newly haunted spots haven't a single vine clinging to the walls. Not even a dungeon or an ancient history of murder, insanity or arson.

"In fact, one of them—the man-sion, castle and abbey ghosts will never forgive this—was found to be haunted the day the very first tenant moved in and with the paint still wet."

Radio Offers Help.

Ghosts began to preoccupy the British public recently when the British Broadcasting corporation indicated it was perfectly willing to station a few microphones around any promising site where audible or vocal spirits might reasonably be expected.

The BBC said it preferred a "poltergeist"—a rowdy, mischievous ghost, one of whom was promptly reported throwing bricks at old ladies in Kent.

Letters began to pour into newspaper offices reporting ghostly events and, surprisingly, almost all of them were from middle-class folks who knew about castles only as sightseers. One wit commented that this was due obviously to the labor government now in power. Under the Conservatives, he pointed out, ghosts resided in great castles and other properly historic places.

Just a Shake-Down.

The ghost in the brand new house is the most interesting of the current crop. Three skeptics investigated and reported that a cradle in which two of the children of the house were deposited would shake itself until they were removed.

A clairvoyant called in as adviser said the spirit of the husband's mother was responsible.

He said the shaking would continue until a brother in Canada was given a share of his mother's legacy. This was done, and the shaking reportedly ceased.

Other ghost stories intriguing Britain today include "the Girl in Gray," who wanders about the town of Bury S. Edmunds and is believed to be Maude Carew, who poisoned the duke of Gloucester in the 15th century.

The "Girl in Gray" spends most of her time in the modest home of Mrs. Stephenson Adams, who wishes she would go elsewhere.

Wife in Marital Mixup

Swaps Two Men for One

ANAHEIM, CALIF.—Mrs. Mae Middleton, whose "dead" first husband reappeared nine years after she married her second, tried to untangle her marital affairs by ending both marriages.

She told Superior Judge Raymond H. Thompson, who granted an annulment, that she would divorce her long-missing first husband and then remarry Middleton.

Mrs. Middleton said she and John McCormack were married 14 years ago and lived in Phoenix, Ariz. A year later, she said, he sent her to visit relatives in Arkansas.

"He sent me a few letters saying he was going to meet me there Thanksgiving day," she said. "He never showed up and I never heard from him again."

A friend sent her a newspaper clipping telling of the death of a John McCormack of the same age as her husband, she said.

Presuming him dead, she married Middleton January 23, 1937, at St. Louis.

A month ago she heard from John Cannon of San Francisco, who proved he was her first husband and said he had changed his name.

There Are 13,000 John Smiths in the Same Boat!

WASHINGTON.—This will explain to John Smith why the Veterans' administration is slow in answering his pension query.

There are 13,000 John Smiths on the bureau's rosters, General Bradley, administrator, told the national committee of the American Veterans of World War II, and 8,000 of them have no middle initials—8,000 plain John Smiths.

Bradley told about the Smith problem in relating difficulties of his agency and added: "We are beginning to see the light of day now."

Carries on Love Affair With Deaf-Mute Neighbor

SALEM, MASS.—Mrs. Rita Joyce said her husband thought he was safe in carrying on a love affair with a deaf-mute neighbor—who couldn't tell anybody.

She charged in a divorce petition that her sailor-husband exchanged ardent sweet nothings with the neighbor on a school slate.

The woman finally called on Mrs. Joyce, bringing her slate.

"He makes love to me every day," she wrote.

Trace Malayan Ancestry
Roots of the Malayan peoples are traced to the neighboring island of Sumatra, but racial strains have been complicated by Chinese, Arab and East Indian blood. Chief Malayan occupations are farming and fishing. Major crops are rubber and rice. Minor crops have included coconuts, pineapples, coffee, tea and bananas. "Horsepower" to do heavy hauling and till rice fields is contributed by the water buffalo. Among old arts and crafts are pottery manufacture, weaving, lace-making, wood carving, basketry, and metalworking.

Freezing Water
If two equal quantities of water, cold and hot, are placed under identical natural freezing conditions, cold water will freeze first because a certain amount of time is required to remove the heat from the hot water. To a limited extent it is true, however, that water which has been heated will freeze more rapidly than unheated water because of the difference in density and the amount of dissolved air.

Produce Castor Oil
Castor oil, which in its dehydrated form is used as an important degree in modern paint and varnish products, is now being produced in Cuba. Actual production in 1944 was estimated to be between 2,000,000 and 2,500,000 pounds. Total oil yield is reported to be 48 per cent of the weight of the castor beans.

Eggs and Tuna
Here's a way to combine hard-cooked eggs and tuna fish. Add three-fourths cup flaked cooked tuna fish to the flour shortening mixture of a standard drop baking powder biscuit recipe. Then top the savory golden brown biscuits with a mustard flavored white sauce studded with hard-cooked eggs.

Starching Shirts
To get uniform results in starching shirts, gather all the parts to be starched together and dip them into the starch at the same time. Be careful not to use too much starch, as it will crack the fiber threads and cause the shirt to wear out much faster.

Turkey Bruises
A turkey bruises easily, and must be handled carefully to prevent bruised or discolored spots. Whether you dress your turkey or buy it dressed, you don't want the skin torn. So if a tear does occur, be sure to sew it up before you roast the bird.

Rail Accidents
Fatalities resulting from accidents at highway-grade crossings and to trespassers on railroad property accounted in 1944 for more than two-thirds of the total number of fatalities arising from railway accidents of all kinds.

Waxing Furniture
When waxing furniture, take care not to let the wax dry completely before polishing. Here treatment differs from that of floors—where the wax should be allowed to dry thoroughly (about 30 minutes) before polishing.

Pull Freight Car
Two girls recently pulled with ease a new 50-ton freight car for a distance of 35 feet. The car was equipped with anti-friction bearings which reduce starting resistance by 88 per cent.

Refractive Power Lost
A person cannot see well when his head is submerged in water. When the eye is in contact with water the refractive power of the cornea is largely lost.

Kept Rails Busy
Ninety-seven per cent of all organized troop movements within the United States and more than 90 per cent of all war freight have been made by rail.

Precision-Smoothed
A steel ball of the type used in a ball bearing is the most spherical object in industrial science, precision-smoothed to 25-millionths of an inch.

Anti-Friction Bearings
Every new automobile, truck and bus rolling off assembly lines contains 23 to 30 anti-friction ball and roller bearings.

Turn Pot Handles
To avoid accidents in the kitchen always turn pot handles on the stove so they are beyond the reach of toddlers.

Raise Flies
One laboratory raises 10,000 households a week to test the fly ribbon the company makes from by-products.

Barren Land
Nearly half the world's land area is largely uninhabitable because of deserts, mountains, ice or tundra.

Human Eyes Sensitive
Human eyes are more sensitive to light than are photo-electric cells, commonly called "electric eyes."

Popular Flavor
Candy makers say cherry is the most popular native American flavor they use.

Ancients Liked Candy
The first users of candy were the Egyptians.

Army Prisoner of War Program Closes

The Army's vast prisoner-of-war program in the United States came to a virtual close this week with the shipment from the New York Port of Embarkation of the final group of able-bodied prisoners of war to be repatriated.

Fort Sheridan, which was base prisoner of war camp for 14,000 German prisoners a year ago, completed its shipment of prisoners of war on June 13, when the last of the prisoners left here for repatriation centers. Shipment of prisoners began in October, 1945.

Sheridan was headquarters for 52 branch camps in Wisconsin, Upper Michigan and Lake, Will DuPage and Cook counties in Illinois. Those 52 camps held about 12,800 men who were engaged in contracting work which netted approximately 5 million dollars in cash to the federal government. Work done by prisoners for the government was estimated at 4 million dollars, bringing the total valuation of prisoner labor to approximately 9 million dollars.

Prisoners were employed in areas which were certified by the United States Employment Service and the Farm Extension Service as labor shortage areas. They were engaged in such activities as truck gardening, meat packing, fertilizer plants, farm work and harvesting, canning, pulpwood and timber operations.

In addition to Fort Sheridan, other prisoner of war camps in this area

were located at Camp McCoy, Wisconsin, Camp Grant and Camp Ellis, Illinois, and Fort Custer, Michigan.

Water Window Box

In trying the automatic system of watering the window box, hook an eaves trough to the bottom of the box. Put wicks in holes in the box at 12 inch intervals and let the wicks pull the water up to the soil. Keep the trough filled with water. Wicks of fiber glass are best. Other materials rot.

Examined Officers

The oldest known system of examinations was the one used in China about 1115 B.C. for selecting civil service officers.

THOUSANDS OF FOLKS KNOW THE ANSWER TO THIS ONE!

Bud Bowman

WHY BOWMAN MILK IS POPULAR

can be summed up fast. Richness +

Purity + Flavor (10 times tested in our

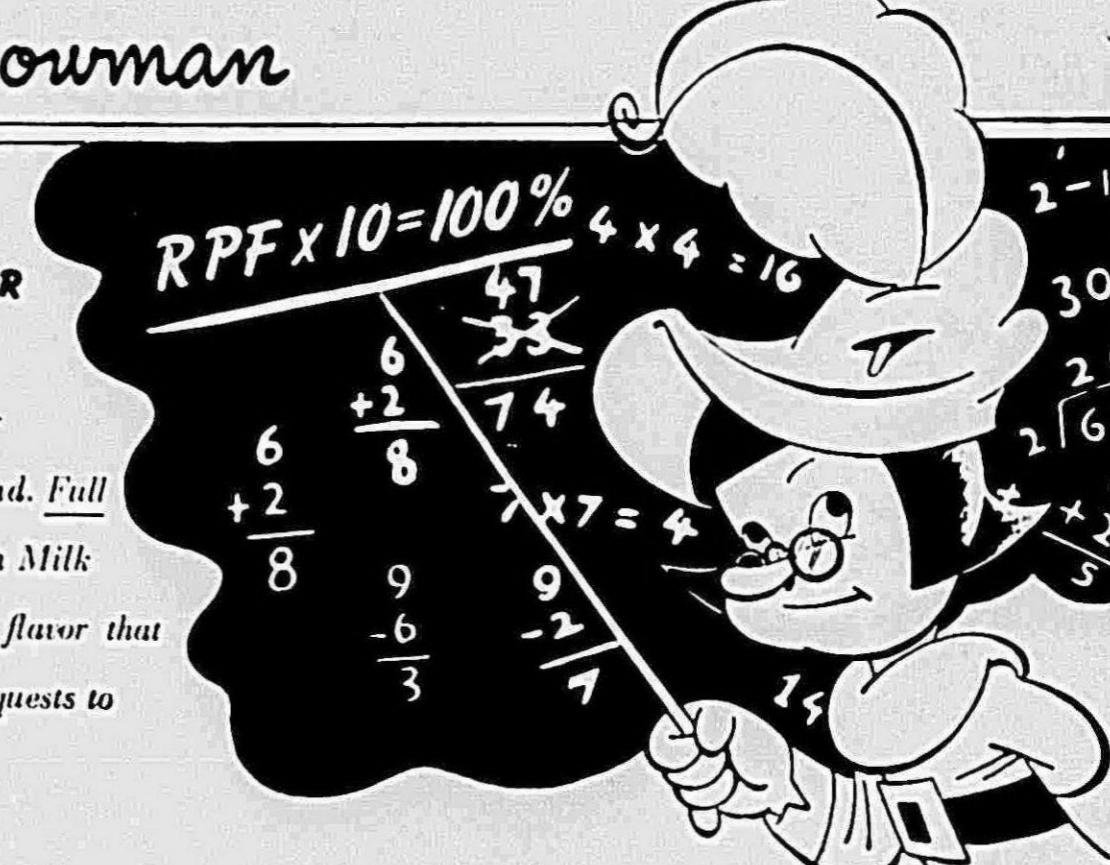

milk) equals satisfaction—the 100% kind. Full

cream milk, country-fresh, our Bowman Milk

always has the rich-tasting, delicious flavor that

promotes plenty of lip smakin' and requests to

"pass the milk, please."

THOUSANDS OF CUSTOMERS have enjoyed Bowman Milk

steadily for 20—30—50 years. In some families, it has been

Bowman Milk for 3 and 4 generations. Natchery, we're proud

that our milk (and our service) is so good that people keep wantin'

it year after year. We'd like to serve you, too—year

after year—with fine Bowman Milk.

To say "yes,"
phone us today.

REMININDER

The dairy products delivery

businesses of E. F. Voss,

Harvard, and the Round

Lake Creamery Company,

Round Lake, have been ac-

quired by the BOWMAN

DAIRY COMPANY. This

means the finest dairy prod-

ucts for customers, a better

year around market for local

milk producers.

Huge Telescope Will Range Sky

May Crack Atomic Secrets of Universe; Project Is Near Completion.

MT. PALOMAR, CALIF.—This is tomorrow's dateline. It is here that astronomers, peering down into the 200-inch mirror of the largest telescope ever built, will range the universe of stars beyond the imagination of the earthbound, says the International News Service.

Elusive atomic secrets of the universe may soon be cracked by man's latest wonder worker.

Now nearing completion, after 18 years' concentration of scientific and engineering skills, the giant of Palomar will photograph heavenly bodies so far away that their light takes a billion years to reach us. Light, as every schoolboy knows, travels at 186,000 miles a second.

So powerful is this optical giant that it would make New York's Empire State building clearly visible to an observer on the moon.

In fact, the glass giant, in effect, brings moon and earth to within 25 miles of each other. The moon's distance from the earth averages nearly 239,000 miles.

With the telescope, the faint stars of our own Milky Way will become bright, and the bright stars, such as Sirius, may yield a spectrum almost as bright as the one we now get from the sun.

Exploding Stars.

Astronomers, alert to the implications of the atomic age, are anxious to turn the instrument on the exploding stars—atomic explosions of such magnitude that, in comparison, Hiroshima and Nagasaki were as firecrackers.

When the new six million dollar reflector begins working in 1947, astrophysicists hope to unravel some of these other persistent problems:

Is the universe expanding, as many believe? Or is it old and static, in danger of running down like a spent watch spring?

Is space curved, as Dr. Albert Einstein and other noted cosmologists theorize, so that the light starting from one place will ultimately come back there?

Is any kind of higher life possible on our neighboring planets, Mars or Venus?

The great 10-story observatory dome is complete. The 500-ton skeleton of the telescope is in place, complete but for the optical and clock control systems.

Work on the mechanical system and on the huge mirror, which slowly is being brought within two-millionths of an inch of perfection, has been resumed at the California Institute of Technology, Pasadena, after having been halted by the war.

Pilot Telescopes.

Because the field of the giant will comprise only one-fifth to one-third of the full moon, two other observatories have been built here to house pilot telescopes.

One of these, the four-foot Schmidt, is nearing completion at the Mount Wilson observatory optical shop. Utilizing a 72-inch mirror—itself, the fifth largest ever ground and polished—and a 48-inch corrective lens, the big Schmidt will make a photographic map of the universe.

To date, Mount Wilson's two great telescopes, the 100 and the 60-inch, have photo-mapped only about 1½ per cent of the sky they can observe, and it is estimated that to photo-map the universe would take the 200-inch many lifetimes of work.

The 20-ton glass disc for the mirror was poured at the Corning Glass Works, Corning, N. Y., in 1934. It took nearly a year to cool.

Meanwhile in another factory, the skeleton of the giant was fabricated by Westinghouse.

The observatory will be under the direction of Dr. Ira S. Bowen, who also heads the Mount Wilson observatory of the Carnegie Institution of Washington.

World Wheat Shortage

Of 5,000,000 Tons Seen

OTTAWA, CANADA.—The world will be short of wheat by five million long tons for the first six months of this year, the Canadian government estimated.

The Dominion bureau of statistics, in a review of the wheat situation, revealed that famine conditions already had appeared in several Balkan countries as well as many areas in India and the Far East, and it is believed these conditions may persist until new crops become available in spite of efforts being made by Canada and other countries.

The bureau said the poor crops of rice and millet in India and the Far East have "seriously aggravated" the general food shortage.

Every Militiaman Is

A Court in Poznan
POZNAN, POLAND.—Here every militiaman acts as a court. Militiamen stop hack and taxi drivers on bridges and at street intersections during the night to see whether they are displaying lights and to question their passengers. If the militiamen aren't satisfied with explanations, they fine the driver 1,000 zlotys.

LAKE VILLA

The Woman's Society of Christian Service met Wednesday afternoon at Mrs. Gunnison home at Third Lake. Mrs. Stella Pedersen entertained the ladies of the Sewing club at a luncheon and social afternoon at her home on Thursday this week.

Mr. and Mrs. Russell Nickerson have purchased the Watson property on Grand Ave., where they have lived for sometime and have begun to make a number of improvements on the property.

Mr. and Mrs. Frank Hamlin received a telegram Sunday announcing the arrival of a son, Hamlin Manson Jennings, to their daughter, Mrs. Julian Jennings of New York, on Sunday, Aug. 4.

Cedar Lake Camp Royal Neighbors will hold a public card party at the Village hall on Wednesday afternoon, Aug. 14, and it will be sponsored by the Officers club of the society. All popular games will be played, there will be plenty of prizes and refreshments.

Mr. and Mrs. Frank Hamlin spent Wednesday in Chicago.

The Boy Scout troop here with its leader, David Schrum, enjoyed a trip to Palisades Park at Savannah, Ill., and to White Pines near Oregon, Ill., the first of the week. Eighteen made the trip in Mr. Schrum's car and Mr. Geng's truck.

Miss Bernice Ducommun and a friend from Ladysmith, Wis., visited her parents here a couple days last week.

Miss Eleanor Mack, of Chicago, spent the past two weeks with her brother, Joe Mack, and family.

Mr. and Mrs. Victor Scheaffer, of Chicago, have been visiting Mr. Scheaffer's sister, Mrs. Harold Deering, and family, of Venetian Village during the past week.

Mrs. Margaret Connell, who was a patient at Condell hospital at Libertyville has returned home.

The local fire department is making extensive plans for a pleasant time for you when you attend their annual carnival at the park here evenings of Friday and Saturday, Aug. 23 and 24 and in the afternoon and evening of Aug. 25. The men have been very busy during the year and have improved their equipment.

Mrs. Anna Nader is at Chippewa Falls, Wis., with her daughter, Anna Almquist, and family for a few weeks.

The Mother-Daughter club of Lake Villa, met last Thursday afternoon with Mrs. Evelyn Hamann, in Waukegan, and Mrs. Helen Burnette, Mrs. Bertha Fish and Mrs. Alice Meyer were awarded prizes in cards.

Mr. and Mrs. Gust Ekdahl as guests Mr. Ekdahl's brother and family, from Seattle, Wash.

Miss June Walker spent last week with a group of friends at Lake Lawn at Delavan Lake, Wis.

BIRD—WALKER—

Mr. and Mrs. William Walker and daughters June and Margaret, left Thursday for Enid, Okla., to be present at the marriage of their son and brother, Capt. William McClain Walker of the Army Air force, to Miss Lynette Bird on Aug. 11 at 4 p.m. at the First Presbyterian church by Dr. D. L. Edwards in a double ring ceremony. Mrs. Jack Helfrich, of San Juan, Texas, a sister of the bride will be matron of honor and Capt. William A. Miller, of China, Texas, will be best man. Miss Bird is a graduate of Enid High school, also attended Oklahoma A & M. college and was a member of Kappa Delta Sorority. She majored in radio drama and was affiliated with radio work in New York City for a while, after which she was airline hostess for the Continental Airlines from San Antonio to Denver, Colo. Capt. Walker received his education in Lake Villa and Antioch and has spent 18 months in European theater, flying 64 missions in A-20's. He received the distinguished flying cross and the air medal with eleven clusters and the presidential unit citation. He is now test pilot for the army and stationed at E. A. A. F.

Rescue 18 Nuns From Indo-China Island

SAIGON, INDO-CHINA.—French forces have rescued 17 French nuns, an Annamite nun, and a French girl from an island in the Mekong river where they had been held prisoner for over a month, a bulletin issued by the headquarters of Gen. Jacques Leclerc, French commander in Indo-China, said.

Vet Kills Wife, Daughter, Self

Tragedy Closes Month-Long Quarrel; Three Dead.

WASHINGTON.—Three members of a family of four were dead in a tragic climax to a discharged soldier's month-long quarrel with his wife.

John H. Fitzgerald, 34, veteran of the Philippines fighting, provided the bloody ending when he shot and killed his wife, Mary Adel, 24, and their daughter Mary Ann, 2, and then blew off his own head with a 12-gauge shotgun.

Police said Fitzgerald also might have shot his other daughter, Carol Ann, 4, if she had not been whisked out of the way by Mrs. Fitzgerald's mother, Mrs. George W. Chapman.

The tragedy occurred in the Chapman home in suburban Hyattsville, Md.

Officers gave this account of the tragedy:

Fitzgerald left home one night, and did not return until 3:30 next afternoon. He had been drinking.

Friends and relatives in the Chapman home said he appeared in a "good mood." He told them he had come to "pick up some of my things."

Before going upstairs, Fitzgerald stopped and took some shotgun shells from a dining room closet.

Suddenly he rushed downstairs, shotgun in hand. Mrs. Fitzgerald was sitting in the living room, Mary Ann in her arms.

Firing at almost point-blank range, Fitzgerald shot his wife and then the child. Then he killed himself.

Fitzgerald was to have started his first postwar job as a plasterer the next day.

Soaked Shoes

Rains remind us to take proper care of soaked shoes. To prevent leather from hardening, lather the shoe well with soap while it is still wet, after removing mud. Wipe with a soft cloth. Stuff shoe with paper to preserve shape and dry away from artificial heat. Rub petroleum jelly into the leather after it is dry, but before applying polish.

Extra Closets
If your home doesn't have enough closet space, start now to include the addition of closets in your home improvement plans. They will be such an added convenience that you'll wonder how you ever got along without them.

Chinese Blanket
Yellow is a favorite color for blankets manufactured by the spinning and dyeing co-operatives in North China. The reason—yellow is the simplest color to make from acid found in old Japanese bombs scattered around the countryside.

Sandwich Box
If you've a waxed paper container of salad or fruit cup to pack, put that at the bottom of the lunch box. Sandwiches, cookies and other crushables ride best when they're packed at the top.

U. S. Eats Fruit
The average American ate 225 pounds of fruit a year between 1937 and 1941. Consumption of canned fruits was almost five times greater than it was in 1930.

Frayed Cords
Electrocution has been caused in the home by frayed cords at the lamp base. Make sure frayed cords are replaced and insulation is in good condition.

As we were saying-----

By Jack and Louie

Howdy Folks: We heard about a dog catcher who had a wooden leg. At first, it was hard to imagine how a dog catcher with a wooden leg could catch many dogs.

We mentioned it to one of the boys in the barber shop and he suggested that perhaps the dog catcher just stood on the corner and waited for the dogs to come to him.

BULL-TIN
When you buy a dog, be sure to get one that doesn't cost much for bargain dogs never bite, you know.

You know the tragedy of a mama flea's life is that she knows all her children will go to the dogs.

As one headache said to another headache, we better take a powder. Especially after that last one.

We would like to take a minute to tell you about this especially good cleaning service we offer you. It is the best, so try it.

Plans are going forward for the

Lions Club festival scheduled for

Aug. 29, 30, 31 and Sept. 1.

Permission to hold the festival was

given by the village board Tuesday

evening and the American Legion

will have a meeting Monday to pre-

pare for the homecoming which will

be held on the last day, Sunday.

An attempt will be made to pro-

pose Senator C. Wayland Brooks as

speaker. The Legion posts of the 10th

district which comprises Lake county

have been invited to send bands,

drum corps and colors to participate

in a parade Sunday afternoon ending
